

FOOTNOTES
PGA PROPERTY OWNERS ASSOCIATION
2020-2021 OPERATING BUDGET

INCOME

Each of the categories listed under “income” are used to off-set the total budget. Most of the line items under income (such as ARC fees, mailboxes, Resale/Rental/Fishing) relate to funds received from property owners to off-set expenses for same.

EXPENSES

UTILITIES

ELECTRIC – Relates to cost of street lights, landscape lights, irrigation pump stations, electricity for guardhouses and POA office. The POA revised the street light agreement and in 2019 LED street light fixtures were installed which will provide better light for less overall cost.

TELEPHONE-MODEM – Telephone service, including long distance, for the POA office. The budget is based on actual invoices for phone services. This line item includes modems to operate the Postage meter and the access control system (gates) main computer.

TELEPHONE – SECURITY – Anticipated telephone expenses including the automated service phone line for calling in guests. In 2014 the POA changed the phones in each gate to ComCast for a savings on the long distance calls which are now included in the DSL line cost. In 2015 the POA implemented a new iPad system for the guards and allocated expenses to include the Verizon charges for the security iPads.

SOFTWARE & SERVICES FOR GATE SYSTEM – This line item reflects the cost of the contract with the gate access company’s “Gold Plan” for servicing the computers running the gate related equipment and the “Officer Pulse” system.

WATER/SEWER – Water and sewer expenses at guardhouses at Avenue of the Masters, Tournament Blvd, Ryder Cup Blvd North and South, and the Main Communications Center, as well as the POA office.

ADMINISTRATIVE EXPENSES

MEETING EXPENSE – Anticipated cost of room, microphones and seating for Annual Meeting, and other membership meetings held at the Resort or Members Club.

LEGAL – Cost of opinions and direction from POA counsel (Gary Fields & Keith Bachove). Includes costs for enforcement of violations if not recoverable through courts as well as some lawsuits. Costs for collection work are paid by the delinquent owner; however, if the bank forecloses, the POA is responsible for legal fees for collection incurred up to that date.

INSURANCE – General liability, umbrella policy, fidelity bond coverage, workers compensation coverage and Directors and Officers policy. Rates increase due to lawsuits.

AUDIT – Cost to engage an independent CPA to annually audit the books and records of the POA and file annual tax return.

TAXES, FEES AND DUES – Intangible and other applicable taxes, as well as sales taxes for resale of barcodes. Also includes cost of filing the Annual Corporate Report with the State and the Bulk Rate mail permits and other similar fees and dues.

(OVER)

OFFICE SUPPLIES – Lang Management pays for office supplies for the POA office within their contract price; however, the POA must pay for other paper goods (such as paper towels, trash bags, toilet paper, soap and similar products) for the four POA Guardhouses and the Communications Center.

POSTAGE – Self-explanatory. Includes postage charges for mailing Annual Meeting notices, assessment notices and budget, Annual Children’s Party in the Park invitations, and other community mailings and general correspondence.

PRINTING – Cost of printing stationary, forms, major mailings (such as those listed under “postage”) as well as printing the Design Review Manual, Rules Booklets and other POA materials.

BAD DEBT – The Board created a “bad debt” line item in 2009 to help offset a portion of the uncollected assessments due to foreclosures. In further explanation, when a bank takes title to a property, the POA cannot recover assessments the former hasn’t paid; we can only collect the lesser of either 1% of the original mortgage amount of one prior year’s assessment pro-rated from the date of foreclosure. As the banks delay taking title for more than a year, the unrecoverable portion increases resulting in an increase to the total bad debt line item.

OPERATING EXPENSES

LANG CONTRACT – Lang was engaged as of February 1, 1998 to administer the day-to-day affairs of the Association, including preparing monthly financial statements; monitoring the budget and making recommendations regarding investments; conducting regular property inspections of each community for compliance; supervision and coordination of the Architectural Review process; and all exterior pest control, irrigation and landscape related maintenance services (including mowing, fertilization, mulching and annual tree trimming) for the common areas of the POA. Contract was renewed as of July 1, 2018; the 2019 and 2020 contract rate are unchanged.

RIGHT OF WAY MAINT. – At the April, 1999 Council of Presidents meeting, the POA Board advised that a portion of the road rights-of-way (along Ryder Cup Blvd, Avenue of the Masters, Tournament Blvd, General Drive and Avenue of the Champions) would be maintained by the POA as of July 1, 1999. Maintenance includes mowing, edging and fertilization. This expense also includes the cost to maintain a few areas along the main roads that were being neglected by others (such as the berm between the Legends and Ryder Cup Villas property that is part of the golf course but not easily accessible by them).

SECURITY – Annual contract for security services. This is for the gate guards as well as a number of patrol units. Also includes cost for additional patrol on Halloween and other holidays when vandalism may occur.

OFFICE RENT – Lease of Office Suite #28 and 29, including taxes and common building maintenance for the POA office located in LA Fitness Plaza.

CLEANING SERVICES – Contract for twice weekly cleaning of POA office and five guardhouses, as well as monthly window cleaning at the POA office.

PEST CONTROL – Monthly pest control contract for POA office and guardhouses as well as special fire ant treatment in Masters Park which coincides with the April Children’s Party. Also includes treatment of ficus white fly and Royal Palm treatments and bee hive removal on POA property.

EQUIPMENT RENTAL – In 2017 the POA negotiated a new lease contract for a copier/fax machine. This line item covers that lease as well as the lease on the credit card processing machine.

ALARM MONITORING CONTRACT – Quarterly billing to monitor the security alarm at the POA office.

CAPITAL IMPROVEMENTS – Improvements to common areas such as re-finishing all entry monuments and guardhouses with stone to match the PGA Resort and other improvements that are not considered “maintenance”. Due to the age of the community, the Board began implementing a few of the projects each year. The majority of the originally established long range plans were completed but the traffic entry divided roadway (“ellipse”) re-design; enhancement to the PGA Blvd frontage; Northlake Blvd wall hedge replacement (completed in 2019) and a number of other landscape enhancements are included in the new 5-year plan. Each year, any budgeted funds not spent are carried forward so that future projects are funded when the work is ready to be done.

GENERAL EXPENSES

COMMUNICATIONS – This is the cost of the POA website maintenance (www.pga-poa.com)

SIGNAGE – Maintenance and repair of POA common area signs and street signs.

TREE TRIMMING & REPLACEMENT– Cost for annual tree trimming is included in the Lang Management contract; however, any interim emergency removal or pruning is covered in this line item. Also includes the purchase and installation of any new trees or replacement trees.

LANDSCAPE IMPROVEMENTS/ANNUALS – Anticipated cost of summer and winter annuals in the common areas, as well as various replacements needed when plant material dies. This line item also covers funding of improvements recommended by the Maintenance Committee as approved by the Board.

SPECIAL EVENTS – Cost of Holiday Lights, staff bonuses, Annual Children’s Party in the Park and other POA sponsored events as planned by the Special Events Committee and approved by the Board of Governors.

MASTERS PARK IMPROVEMENT/REPAIR– A long-term plan was implemented to create a park without imposing a Special Assessment. During the 2000/01 fiscal year, the landscape buffer, walking path and exercise stations were constructed and the “Theme Gardens” were added during subsequent years, including the most recently added “Tropical Garden” with gazebo. This line item is for repairs and maintenance, including replacement of dead trees or shrubs. re-surfacing paths and miscellaneous maintenance of benches and the gazebo. In the coming year, the gardens will be replaced or enhanced as needed.

IRRIGATION IMPROVEMENTS – There is a zero budget in 2020/21 because all irrigation pump stations were replaced as a “Capital Improvement” during the 2019/20 fiscal year. The pump station enhancements via Capital Improvements are continuing in 2020/21 so again there is a zero budget

COALITION FEES – The POA is part of the North County Neighborhood Coalition, made up of representatives from a number of communities in the areas around PGA National who monitor development in the area to ensure the existing communities are protected and not adversely affected by new development in the area.

LIGHTING IMPROVEMENTS – There is a zero budget in 2019/20 and 2020/21 because all street lights were just replaced by FPL. Street lights are planned on Coventry Lane and the cost of the lighting will be included as a Capital Improvement.

ARC FEES – This line item covers charges for architects and other consultants used to review requests when submission is made to the “ARC” (Architectural Review Committee) for modifications and/or new construction. The owner of the property is required to pay a fee to cover the cost of these professionals and that income off-sets this line item. (See Income portion of budget).

(OVER)

REPAIRS & MAINTENANCE:

IRRIGATION REPAIRS – Regular, routine maintenance of irrigation. Lang Management’s contract covers the cost of head replacement; this line item covers the cost of maintaining pump stations, valves and repairs to the main irrigation lines (underground) due to the aging pipes in the ground.

GATE REPAIRS – Repairs to the gates and gate operators. These expenses include the cost of replacement gate arms and cameras that were added inside the gate houses and at the entry and exit lanes (to photograph drivers and/or license plates). This line item includes any anticipated repairs to gate and camera equipment as well as the replacement of gate arms.

FENCE REPAIRS – Repairs to the perimeter fencing on POA property (i.e.: along PGA Blvd).

LIGHTING REPAIRS – Cost of repairs to “Cobra” lights along Fairway Drive and Avenue of the Champions, as well as repairs to landscape lights in POA common areas and in and around guardhouses.

GENERAL REPAIRS/MAINTENANCE – Miscellaneous maintenance and repairs to POA office, five guardhouses and common areas/parks due to regular wear and tear and general repairs not covered under a specific line item above.

REIMBURSABLE EXPENSES

STREET LIGHT EXPENSE – The four original single-family home communities in PGA (Marlwood, Burwick, Glengary and Thurston) pay for street light expenses in their communities billed on the POA’s lighting agreement with FPL. (See Income portion of budget).

MAILBOXES – The POA purchases mailboxes and posts for new homes and replacements due to damage and/or deterioration. Owners are charged the actual cost of the mailbox and installation (See Income portion of budget).
