(561)622-2111 . FAX (561)775-8287

AUTOMOBILE SECURITY CHECKLIST

When parking your car at home, work, or while shopping

Don't neglect to lock your doors and roll up the windows because you'll only be away for "a minute."

Don't leave your purse or wallet containing your credit cards, cash and other valuables in plain view on the seat of the car.

Don't leave your cellular phone, radar detector, briefcase or laptop computer in open sight in the interior of your car.

Don't arrive at your destination, get out of your car, and then hide your valuables under the seat or in the trunk.

Don't make yourself an easy target for thieves. Please take a moment when you park your car to be sure that your valuables are not in plain sight.

Join in a partnership with the Palm Beach Gardens Police Department, and help us reduce auto burglaries. Report any suspicious activity.

*** 50% of all reported property crimes in the City of Palm Beach Gardens are "victim assisted." That means the victims have left their valuables in plain view, their cars unlocked, or have done something to attract attention to their property. Please take a moment to protect yourself—don't become a victim.**
